Bottle Painting
Saturday, July 15
10:00am-12:00pm
\$20 per person

Join us in the Arts & Crafts Room for a fun craft project. KD's studio brings in all of the materials that you need to create your own decorated hanging wine bottle. There is no need for any artistic experience to be successful at this event. The wine bottles are cleaned, the labels are removed and then they are put in a kiln with a high fire wire. It takes about five hours for the bottles to reach their melting temperature. We come to you with a wide variety of wine bottles to choose from, glass paint, oil based markers, aprons and papers to help you fill out your design.
